ITA

ENG

Linee precise disegnano una figura solida e confortevole. Proporzioni equilibrate delineano una collezione che mostra come la semplicità possa esprimersi attraverso forme, rivestimenti e accostamenti diversi: Timber si presta a essere interpretata in base alle finiture in legno, pelle o tessuto e agli accostamenti tra colori e materiali, per entrare in spazi pubblici e privati che richiedono soluzioni concrete e durevoli. Progettata da Adam Goodrum, Timber è una famiglia da vivere in ambienti diversi, come locali e zone pranzo, angoli relax e sale riunioni. Una pratica sedia impilabile, con schienale disponibile in diverse versioni, si accompagna a sgabelli, poltrona e lounge in una collezione che asseconda le esigenze dello spazio in cui si inserirà grazie a un'accorta flessibilità e ampie possibilità di personalizzazione.

Precise lines draw a solid and comfortable figure. Balanced proportions outline a collection that shows how simplicity can be expressed through different shapes, coatings and combinations: Timber lends itself to being interpreted according to wood, leather or fabric finishes, and to the combinations of colours and materials to enter public and private spaces that require concrete and lasting solutions. Designed by Adam Goodrum, Timber lives perfectly in different environments, such as public spaces and dining areas, relaxation corners and meeting rooms. A practical stackable chair, with backrest available in different versions, is accompanied by stools, armchair and lounge in a collection that meets the needs of the space in which it will fit, thanks to careful flexibility and wide customisation possibilities.

PULIZIA, USO E MANUTENZIONE

Per la pulizia periodica degli elementi in legno e metallo, si prega di utilizzare acqua tiepida e un panno morbido, eventualmente sapone neutro diluito in acqua, o prodotti consigliati per legno o metallo. Non utilizzare prodotti abrasivi o alcoolici. Dopo la pulizia asciugare il prodotto con un panno. Per pulire la tappezzeria, fare riferimento alla scheda del produttore. Per sollevare o spostare il prodotto afferrare saldamente la struttura e non parti di essa. Il prodotto non deve essere sottoposto a carichi decentrati ed è stato progettato per essere utilizzato in condizioni normali di appoggio. Non utilizzare il prodotto in modo inappropriato: non dondolarsi o sedersi sopra in modo errato, in quanto ciò può compromettere la stabilità, la durata del prodotto e la sicurezza dell'utilizzatore. Maneggiare con cura evitando urti o graffi con altri oggetti. Alla fine della vita del prodotto, tutte le parti devono essere smaltite secondo la normativa vigente. Cantarutti Srl, al fine di migliorare l'aspetto tecnico e qualitativo della sua produzione, ha il diritto di modificare, implementare, aggiornare e/o modificare i modelli in qualsiasi momento e senza notifica.

CLEANING, USE AND MAINTENANCE

For the periodic cleaning of wood and metal elements, please use warm water, and a soft cloth, eventually a neutral soap diluted in water or products recommended for wood or metal. Do not use abrasive or alcoholic products. After cleaning dry the product with a cloth. To clean the upholstery, please refer to the related manufacturing company. To lift or move the product, hold the structure firmly and not parts of it. The product must not be subjected to decentralised loads, it has been designed to be used in normal support conditions. Do not use the product in an inappropriate way: do not swing on or sit on it in an incorrect way, this may compromise stability and/or durability of the product and the safety of the user. Handle the product with care, avoiding impacts with other objects. At the end of the product's life, all parts must be disposed in accordance to the legislation in force. Cantarutti Srl, in order to improve the technical and qualitative details of its production, shall be entitled to amend, implement, upgrade and/or modify the models at any time and without notification.
